

DECLARATION „Ecodesign“

Wood cooker NORTH HYDRO ECO 2022

Wood cooker NORTH HYDRO ECO 2022 meets the requirements of Commission Regulation (EU) 2015 / 1185 of 24th of April 2015 on the implementation of Directive 2009/125 / EC of the European Parliament and of the Council with regard to Ecodesign requirements for solid fuel local space heaters. The declaration was made based on the results of laboratory tests in accordance with EN 12815: 2001 / A1: 2004 / AC: 2007.

Laboratory test results:

Emissions of combustion products at 13%O₂:

Nominal heat output kW	Efficiency %	Seasonal Space heating efficiency %	CO mg/Nm ³	NO _x mg/Nm ³	Dust mg/Nm ³	OGC mg/Nm ³
15,30	77	68	1213,00	146,00	29,00	107,00
Ecodesign requirements		≥65	≤1500	≤200	≤40	≤120
